- Accountable for the TasNetworks Finance governance and stewardship to meet financial regulatory and statutory obligations
- Influence and positively impact on TasNetworks success through partnering with executives & senior leaders providing sound financial insight, decision-making support and financial management
- Lead strategic business & financial initiatives from development through successful execution

Role Specific Accountabilities

- Lead a structured program to enhance TasNetworks financial maturity to deliver improved efficiency and value
- Enhance finance business partnering capability & brand in providing sound financial insight, decision-making support and financial management to achieve TasNetworks Strategic Objectives
- Lead the implementation and compliance of Sustainability-related Financial Information and mandatory Climate-related Disclosures.
- Effectively manage senior external stakeholders including Dept of Treasury, Ministers office and Tasmanian Audit office.
- Lead financial, regulatory & management accounting as well as the revenue management, billing activities, and accounts payable to support strategic planning and sustainable financial outcomes
- Continuous improvement of Finance process and drive technology changes that enhance efficiency and effectiveness.
- Proactively escalate critical risks and issues to the appropriate decision points within TasNetworks and facilitate resolution
- Any other duty or task as reasonable and lawfully directed by TasNetworks

To be successful in this role

- 10+ years in a Business or Executive/Senior leadership role
- Tertiary qualifications in Commerce, Finance or Accounting or equivalent level of competence
- Extensive experience in the establishment and management of a tax function, corporate finance, general accounting and reporting, management of fixed assets, allocation, monitoring, measuring and optimisation of capital in a related industry.
- Experience planning and leading strategic initiative programs and driving complex, large scale enterprise-wide projects
- Ability to influence and build credibility with stakeholders towards desired end results
- Excellent communicator in written and verbal form, ability to communicate effectively across all audiences, and organisational levels
- A demonstrated understanding of the regulatory framework in which a Utility operates and the link between business decisions and their impact on the regulatory outcomes.
- High level meeting facilitation and presentation skills
- Be responsible for the approval of deliverables and change requests within delegated authorities on behalf of the business
- Actively role model Change Leadership providing coaching and support to the Executive, Leaders and team members helping to bridge the gap between current and future state
- A high level of business acumen and commercial understanding
- Ability to build rapport and trust-based relationships, providing feedback, and driving results through people
- Extremely versatile, dedicated to efficient productivity
- Able to demonstrate the capacity to perform the inherent requirements of the role
