

Position Description

Risk Specialist

Governance

Business Governance

Objectives

- Support the continuous improvement of TasNetworks' enterprise risk and resilience capability.
- Implement and maintain systems and processes that provide the TasNetworks Board and Executive Leadership Team with timely visibility of current and emerging risks and opportunities to support informed decision-making.
- Strengthen business continuity and organisational resilience capability.
- Partner with business areas to embed effective risk management practices and strengthen risk maturity across TasNetworks.
- Coordinate and enhance business continuity and enterprise resilience capability to support business objectives.
- Contribute to a positive risk culture by promoting ownership, collaboration and continuous improvement.

Role Specific Accountabilities

- Provide specialist advice and guidance on enterprise and operational risk management, supporting business areas to effectively identify, assess and manage risk and opportunities.
- Facilitate risk assessments, workshops and control reviews to support informed decision-making and risk treatment planning.
- Monitor emerging risks, industry trends and regulatory developments, providing advice and recommendations to strengthen organisational resilience.
- Partner with business areas to strengthen risk capability and embed effective risk management practices.
- Deliver risk and resilience education and training and awareness initiatives across the business.
- Lead the continuous improvement of the Business Continuity Management Framework.
- Contribute specialist expertise to implementation and ongoing maturity of TasNetworks Security of Critical Infrastructure (SOCl) obligations where required.

Our behaviours **be curious** **be brave** own it
