Position Description

TasNetworks | Powering a Bright Future

Finance Analyst

Operations	Asset Management

Objectives

- Support the submission of the Network Asset Investments to the Asset Management and Regulatory Team.
- Provide financial modelling, analytical insights and decision support to inform strategic and operational outcomes
- Contribute to the delivery of regulatory modelling, reporting and revenue reset activities
- Contribute to the ongoing enhancement and improvements of modelling, reporting and financial processes
- Build relationships across the business to support effective financial and regulatory outcomes.

Role Specific Accountabilities

- Support the preparation and coordination of regulatory finance reporting, such as:
  - Capex, Opex, Risk, and Value
  - External end-to-end review
  - External review and benchmarking of Weibull and criticality analysis
  - Forecasting documents
  - Investment Overview
  - Sensitivity analysis
- Assist with the development of financial models, analysis and insights to support regulatory submissions and revenue reset activities
- Contribute to the ongoing enhancement of regulatory finance and investment governance frameworks, processes and reporting capability
- Collaborate with the Finance Group and wider business to ensure fit-for-purpose Cost Allocation Methodology (CAM), aligned with the regulatory framework and National Electricity Rules
- Communicate financial insights, analysis and recommendations to stakeholders in a clear and concise manner
- Conduct ad hoc financial analysis as requested by senior leaders to support decision-making processes
- Provide financial support for special projects and initiatives as needed
- Any other duty or task as reasonably and lawfully directed by TasNetworks

To be successful in this role	• Tertiary or post graduate qualifications in Finance, Commerce, Economics, or Accounting or an equivalent level of competence or experience • Understanding of Asset Management, Investment Certification, Risk, Cost, and Regulatory Frameworks, highly desirable. • Strong analytical skills with the ability to translate complex financial data into actionable insights • Demonstrated financial modelling and analytical skills, including proficiency in Microsoft Excel • An understanding of TasNetworks role and the Tasmanian energy sector, economic regulation and the financial and commercial operating environment of a regulated monopoly • Strong communication and interpersonal skills to effectively interact with various stakeholders • Ability to manage competing priorities and deliver outcomes within required timeframes • High attention to detail and commitment to accuracy, quality and continuous learning
Compliance Requirements	• A satisfactory National Police Record check to confirm eligibility for the role
